TWO DEMONSTRATIONS OF THE FIRE ENGINE

ONE ON PUBLIC SQUARE AND OTHER ON TRIBBLE STREET

ANOTHER TODAY

Will Be Given This Morning at 9 O'clock on Public Square--Belton People.

Two demonstrations were given yesterday with the American-LaFrance 750 gallon fire engine pump, both of which were very successful. Mr. Oscar Stewart of Newberry and Mr. Wyatt of Atlanta, Ga., representatives of the American-LaFrance Fire Engine company arrived yesterday morning and began to get ready for the demonstrations.

The first demonstration was given at the substitution of the Southern Public Utilities company on Tribble street, the engine lifting its own water from the reservoir and sending it high up in the air. The second demonstration was given on the public square at 4:30 and was witnessed by a large crowd. The water was pulled through lines of hose 400 feet long, then pumped out through two more lines of hose the same length. Both of the streams had great force and the water was easily thrown over the steeple of the Hotel Chiquola. It is said that three streams of water could have been used just the same way had the water supply been adequate.

Another demonstration of the engine will be given this morning at 9 o'clock on the public square, at which time the water will be forced through 1,000 feet of hose and will be run down South Main street. The men in charge of the engine stated yesterday that they would be glad to demonstrate the engine to the satisfaction of anyone who desired to question its ability. Several people from Belton are expected to come over to Anderson this morning to see the demonstration.

This engine is being shipped to another city and is stopped here merely for demonstration.

COURT TO CONVEGE THIS MORNING AT 10

Few Civil Cases Are to Be Heard and it Will Last Only a Few Days.

According to consent of all parties concerned, the court of common pleas was not opened on Monday morning at 10 o'clock. Rev. W. J. Foster of Honea Path will preach at First Rock Baptist Church Sunday morning at 11 o'clock.

NEGRO UNCONSCIOUS BESIDE P. & N. TRACKS

WAS FOUND EARLY SUNDAY MORNING BY REGULAR TRAINMEN

HE IS UNKNOWN

But Papers Found in His Pocket Bear Name of Forest Miller and Henry McAbee.

An unknown negro was found on the P. & N. tracks between Piedmont and Pelzer by the motorman of the first car Sunday morning leaving Anderson and arriving at Piedmont about 7:30 o'clock. The negro lay flat on his face near the rails and was not seen by the motorman of the car until after he had gotten almost to him. Fortunately the negro was not on the tracks, but was just beside them, and was not struck by the car.

On going back, persons from the car found the negro in a dazed condition, conscious but unable to speak, and seemingly intoxicated. He was suffering from a flesh wound in the scalp about nine inches long. This had bled freely and made a very ugly looking wound. He was taken to Piedmont by the men in charge of the car and left there under medical attention.

The only identification which may give a clue to the negro is a bunch of papers. One paper bears the name of Forrest Miller, and other of Henry McAbee. Who the negro is and what happened to him before he was found is as yet unknown.

SHOWING INTEREST IN REGARD BRIDGE

CONFERENCE WILL BE HELD ON THURSDAY OF THIS WEEK

ARE ASKING AID

From Congressman in Georgia and Also From Congressman Aiken.

The plan for a bridge across Savannah river between Anderson and Hart counties are rapidly being made. Just now, the plan that seems most feasible is to try for federal aid in building the bridge. Mr. Julian B. McCurry of Hartwell, Ga., has written Mr. Mack King, supervisor of Anderson county, that he has written Mr. S. J. Tribble, congressman of the 3rd congressional district of Georgia, asking him to try and get an appropriation to build the Georgia side of the bridge. If present plans do not miscarry, and the appropriations are made, the bridge will be constructed from money appropriated by the government, half from Anderson and the rest from the Georgia side.

Mr. McCurry's letter to Mr. King reads as follows:

"Dear Sir:
"I have written Hon. S. J. Tribble, congressman of the 8th district to see if he cannot get an appropriation from the government to build the bridge across Savannah River. Suppose you write Mr. Aiken in regard to the same matter.
"Yours truly,
"Julian B. McCurry."

Mr. King announced that he has already written Mr. Aiken and has put the matter directly to him. If the government will build this bridge, or even assist Anderson and Hart counties in doing so, it will be a boon to both counties. Hart county is not financially any better off than Anderson, and neither county has the money just now to spend on the bridge. If held can be secured from the government, the task of erecting the bridge between the two counties will be made much easier on the taxpayers.

In regard to definite plans of the near future, Mr. King stated that he has had a request from certain gentlemen, with whom he conferred on Thursday of last week to meet with them at Brown's ferry Thursday of this week.

The meeting is to be held at Brown's ferry and some definite plans will be decided. The gentlemen from Georgia are very enthusiastic over the plans and say they will find their part of the money some way. The bridge will certainly be built, if not yet now, then it is sure to come later, and the sooner the better.

No Head Needed to Figure Out Why You Should Wear "Hamburger" Clothes

The style, fit and finish of the garment will convince anybody that "Hamburger" clothes are "just right" in every way. Their wearing qualities and ability to retain their original shape will bring you back next season for another one.

The price meets the value exactly at the proper place and you'll be more than satisfied. If you don't, we'll "make good" where "Hamburger" didn't, but we've not yet been called upon to furnish that satisfaction.
